

Re: Program Director Welcome Letter

Hello Parents and Guardians,

We are so excited to have you join our Ivymount community. We will be providing you with a lot of information about your child's program in the coming days/weeks. We strive to maintain consistent and collaborative conversation with our parents and please let us know at any point that you have questions or concerns. We are dedicated to ensuring that your child feels safe, supported, and successful.

Our students motivate us to be the best educators that we can be each and every day. We look forward to greeting our students as they enter the building or our classrooms and hearing his or her anecdotes about the movie they just saw, the weekend activities they participated in with you, and so much more. We are overjoyed when we see them master multiplication, test their hypothesis during a science experiment, and get excited about reading.

At the same time, we are your partners also when we face obstacles or disappointing moments. We want to assure you that even during those times, we value your child, are still his or her cheerleader, and that we will go back to our drawing board to determine a better way to help them achieve success in collaboration with you.

We look forward to a productive partnership and are appreciative to be a part of your child's story.

Cheers to a productive school year!

Lauren
